

CONSTANCE ACADEMY: TRAIN THE TRAINER PROGRAMME June 2007

'We have to thank you for these wonderful 3 days. All the participants agreed that they came out with lots of information and tools. They are ready to deliver excellent training to our staff. I am going to select another batch of trainers-to-be and they will have to go through 'the train the trainer' course.'

Claude NARAIN
General Manager Academy and External Relations
CONSTANCE HOTELS ACADEMY

I cannot find words to show you my gratitude and thanks for that wonderful 3 days training on Train the trainers course. We learnt how to plan and run successful courses. All I can say ' Good organisation is the key to success'. I have improved my presentation skills through planning, preparation and performance.

Anushka Coonja
Trainer, Constance Academy

20/VIN SHOPS / L'OCCITANE TRAINING: CUSTOMER SERVICE EXCELLENCE, June 2007

' A big thank you for these wonderful, two days. I really enjoyed the courses and my challenge now is to put all the techniques in practice.'

Stephanie Richard-Bégué

BADLAND AVANT-PREMIERE

'We would like to take this opportunity to thank everyone at Blast Communications for their services in producing the successful presentation of our motion picture Badland in the Republic of Mauritius. Your prompt attention to details and conscientious consideration produced a wonderful experience for us, the invited guests and the public at large. The media coverage of the film and the subsequent reviews were superb, providing ample value for future press coverage around the world'

Francesco Lucente, Badland director

COKE SIDE OF LIFE CAMPAIGN

Blast handled the media relations for Coke Side of Life.
Some snapshots of this colorful campaign.

COPEX CONFERENCE

The organisation was perfect. The organising team has earned a lot of respect and I hope that we will be able to repeat those events more often in future. Thank you and your team very much for the professional support services which made our symposium a success. I'm very pleased.

Jorg Neumann, COPEX
